

Radiant Announces Strategic Alliance with Broussard Brothers Inc.

Houston - March 10, 2017 – Radiant Oil and Gas, Inc. (ROGI) would like to announce that it has entered into a strategic alliance with **Broussard Brothers Inc.** of Intracoastal City, Louisiana. Broussard Brothers is one of the gulf coast's premier oilfield service and construction companies and they have been servicing the oil and gas industry for 70 years. This alliance will provide Radiant advisory service and access to top notch oilfield construction, dock services, barges, boats, towing and other equipment suited for working in shallow inland water to 30 feet of water depth. Radiant currently has no plans to return to operations in the deeper Federal Waters of the Gulf of Mexico however Broussard Brothers can also provide support in water depths up to 200 feet.

The ever changing marine construction and towing environment presents many challenges. Broussard Brothers has consistently upgraded equipment and trained and developed an experienced workforce to meet those demands head on.

Although all of Radiant's current projects are onshore, when we need shallow water support we look forward to working with Broussard Brothers. We believe that this strategic alliance will provide Radiant the expertise and equipment needed to work in shallow inland waters.

For more information on Broussard Brothers please see www.BroussardBrothers.com or www.AcadianContractors.com.

Forward-Looking Statements

This press release includes certain estimates and other forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, including statements regarding timing of drilling operations, reserves associated with prospects, oil content of prospects, future production rates and drilling results, ultimate recoveries from wells, ability to fund drilling operations, and the ultimate outcome of such efforts. Words such as "expects", "anticipates", "intends", "plans", "believes", "assumes", "seeks", "estimates", "should", and variations of these words and similar expressions, are intended to identify these forward-looking statements. While we believe these statements are accurate, forward-looking statements are inherently uncertain and we cannot assure you that these expectations will occur and our actual results may be significantly different. These statements by the Company and its management are based on estimates, projections, beliefs and assumptions of management and are not guarantees of future performance. Important factors that could cause actual results to differ from those in the forward-looking statements include the factors described in the "Risk Factors" section of the Company's filings with the Securities and Exchange Commission. The Company disclaims any obligation to update or revise any forward-looking statement based on the occurrence of future events, the receipt of new information, or otherwise.
